PREPARING YOUR KITCHEN FOR YOU SCHEDULED RESTORATION

By following these guidelines, it will enable us to do the job efficiently and produce the best results that will last. Your home is of great value and importance to us and we take pride in doing the job right. Thank you in advance for your assistance in preparing your kitchen.

HERE ARE SOME WAYS YOU CAN HELP:

1. Remove everything from the counters and off the top of the upper cabinets and move it to a safe place.
2. You DO NOT need to empty either cabinets or drawers as we can access all finished wood areas to be restored without disturbing the contents.
3. Hardware: Please have any replacement knobs, handles, pulls and hinges available to us the day of your service. If the new hardware does not match your existing holes please notify us in advance to confirm compatibility. If it is helpful, we can supply matching hinges- please call to discuss.

Here are our recommended locations to find a wide selection of hardware:

Overland Park

10333 Metcalf Ave

Overland Park, KS 66212

Phone: (913) 381-1335

www.locksandpullskc.com/

Kansas City North

109 N. E. 91st Street

Kansas City, MO 64155

Phone: (816) 436-4545

www.locksandpullskc.com/

Blue Springs

2420 SW Missouri State Route 7

Blue Springs, MO 64014

816-229-7900
